

DID YOU KNOW...

About one in every ten Americans has hearing loss! That's 31.5 million people in this country alone. Those figures climb to three in ten people over the age of 60. That's why many doctors recommend an annual hearing evaluation for maintaining hearing health, just like periodic eye and dental examinations. To help determine if you or a loved one may have a hearing loss, ask yourself the following questions:

	Y	N
Do you find yourself asking people to repeat themselves?	<input type="checkbox"/>	<input type="checkbox"/>
Do you hear, but not always understand conversations, especially in group situations?	<input type="checkbox"/>	<input type="checkbox"/>
Does it seem as though people are mumbling when they speak to you?	<input type="checkbox"/>	<input type="checkbox"/>

If you answered "Yes" to any of these questions, it could indicate the need for further testing. It's one way to make sure a hearing problem is not preventing you, or anyone else in your family, from enjoying the sounds of life.

American. Hearing. Excellence.

Help a Hero Hear was developed to assist service members that have hearing loss and are not eligible to get hearing aids through the V.A. but deserve a discount. We are happy to offer this program to military, fire department and police department members as well as their spouses.

To ensure you get the best care, product and fair pricing, *Help a Hero Hear* has partnered with Starkey Hearing Technologies, the only major American owned and operated hearing aid manufacturer.

HERE'S HOW IT WORKS

1. Call the number below to set an appointment for a COMPLIMENTARY hearing examination at the office closest to you.
2. Bring proof of military service to your appointment (copy of DD-214, military ID or something similar).
3. If you are married, your spouse must be with you unless they are housebound.
4. Once examined and found to have a hearing loss, you may choose from a list of discounted hearing aids to fit your budget.

I, Kim Keller, founded *Help a Hero Hear* to provide my fellow veterans and their spouses the help needed when purchasing hearing aids. Having served in the army, I strongly believe that if you have served our country, our country should serve you. My father, Ritchard L. Cornwell, also served in the army for 20 years, including military action in Korea and two tours of duty in Vietnam. While taking great pleasure in being able to care for my father's hearing needs, it occurred to me that many vets are unable to get hearing aids through the V.A. Subsequently, *Help a Hero Hear* began and continues to grow.

***You served our country,
let us serve you!***

Kim Keller,
*Board Certified Hearing Instrument
Scientist & Veteran United States Army*

SUPERIOR SERVICE IS WHAT YOU CAN EXPECT FROM US

Over the years, we've helped many people overcome hearing loss. Each of our patients becomes an important part of our family. We will honor the confidence and trust you've placed in our organization by ensuring your hearing aids perform at their peak efficiency. If, for any reason, you are not satisfied with the fit, performance, or comfort of your hearing aids, we will continue to fine tune them until you are completely satisfied.

FREE CLEANING SERVICE

For all hearing aid brands – regardless of who manufactured your hearing aid or where you purchased it – we will clean your hearing aid and provide a checkup at no cost.
